## The Amazing Race

We bring the excitement of the TV series to your conference venue or workplace and lead delegates on an adventure they will never forget! Teams will solve clues that lead them to team challenge stations, detours and roadblocks! Take the Challenge! This event can be tailored to any location: a conference venue, or an urban or local area.

## Survivor

Teams will need to outwit and outplay their opponents in a fun and competitive survivor challenge based on the hit TV series. This activity is based on the 'immunity challenges' that see the teams compete head-to-head at a series of initiative, problem-solving tasks that require the whole team to work together to defeat their opponents.

## Tikes on Bikes

This life-changing experience is the perfect combination of teamwork and corporate responsibility. Under the guise of a 'bike race', teams build a brand-new bicycle. Just before the race, delegates come to realise that this experience is all about the 'bigger picture' as they learn they will donate the new bikes to underprivileged kids from a local charity group.

## SolarBuddy

The SolarBuddy Corporate Program delivers solar lights to schools, children and families living in remote areas of the world experiencing energy poverty. Engage with the Hour of Power, where each participant builds a JuniorBuddy light and connects through heartfelt letters, or StudentBuddy PowerUP, where groups of 3-4 assemble versatile solar units that offer light and charging capabilities.

## Before Mars

Before Mars is a next-generation business simulation that tests your team's strategic thinking and execution skills against a global benchmark. Working towards a collective target, the game mirrors real-world challenges and explores the creation and breaking of silos. Analysing your decisions in the simulation can provide valuable insights for optimising your team's performance.

## LEGO® Serious Play®

Get to the heart of the matter using the power of LEGO! This unorthodox approach to business meetings sees your team tell stories and share ideas by building 3D LEGO models – hence the term 'serious play'! This hands-on method encourages creativity and collaboration, allowing participants to express their thoughts tangibly. Explore complex issues and unlock innovative solutions together.

## Flashback Bingo

Bingo…. But not like you know it! Flashback Bingo is half gameshow and half party. Our DJ Host orchestrates a night of nostalgic awesomeness as we play the best hits from the greatest decades in music, to bring you Flashback Bingo! A corporate night of entertainment where your team compete in a fully hosted evening of challenges, bingo, music and more!

## Spicks & Specks

Spicks & Specks is a unique evening entertainment and trivia show event. This hilarious night activity is hosted by a live musician presenting a mixture of entertainment, musical games, and challenges all modelled from the hit TV show Spicks and Specks. Teams compete against each other aiming to outscore their opponents with their music knowledge.
